LOCAL NEWS.

MOVED.—Mr. W. L. Harrell has moved into the new cottage which Mr. George W. Coughenour has completed near the Methodist church. It is a nice little residence and adds to that part of the town.

TRAMP ROBBERS.—One day last week while Miss Eliza Heptinstall who lives near Crowells was in the field looking after her hands some persons entered her house and stole a gold watch, \$10 in gold and some other money. They also robbed the safe of all the cooked victuals. Two tramps were seen passing not long afterwards, but the money and other things were not missed until night.

Roll of Honor.
Following is the roll of honor in Vine Hill Male academy, requirements of which are that a student shall not fall below 90 on any one study. This does not mean an average of 90, but below 90 in nothing:

Polk Miller Saturday Night.

Died at 106.
The Patron and Gleaner recently said: "Isham Jenkins, colored, died at his home in Rich Square on March 19, aged 106 years. His age is vouched for by reliable persons who have had a record of him for many years. He could converse intelligently about the war of 1812, he being a grown man at the breaking out of that war. For many years before the war he belonged to the late William Jenkins."

Polk Miller Saturday Night.

Polk Miller will appear in Temperance Hall Saturday night, April 10th. The lecture will be for the benefit of the military company.

This noted Virginia humorist needs no commendation by us. For the people to know he is coming assures him a good audience.

A new Plow of Merit.
Mr. A. G. Bazemore of Aulander has invented and patented a plow that has merit. The main feature of merit about it is the arrangement for causing it to run deep or shallow without moving the back-band or lengthening the traces. This is done by means of a slot and niches whereby the plow is made to run deep or shallow without raising the heel, which runs perfectly level all the time, no matter how hard the ground or how dull the point. It has two sizes of wings, making it useful for cultivating the crop as well as for turning the land.

At Caladonia Farm.

Thursday last week a number of the guards at Caladonia State farm near Tillery were displaced by putting in negro guards. Some who were not displaced left of their own accord. After May the entire day guard will be negroes but the night guard will be whites.
Maj. McIver has been retained at least until the crop shall have been finished. A few of the guard remain to train in the new ones. All the white convicts have been removed to the farms near Halifax and Weldon.
Superintendent Smith has a general manager for the farms, a new officer, and a private secretary also. Two offices that Superintendent Leaser never had. This is additional expense to the State. Reform!

A Day in Aulander.

The editor of THE COMMONWEALTH spent a day and night in Aulander last week. It had been two years since we had been amongst the good people of that thriving town, but we found them the same clever and genial friends that they were on our last visit.

THE COMMONWEALTH is under obligations for the liberal patronage received from the Aulander people. They make one glad he has visited them both with their patronage and their kindly friendliness.

The Aulander High School is now in a flourishing condition under the management of Prof. Sprite Dowell, son of Rev. G. J. Dowell, of Durham. The enrolment is over one hundred, and there are two or three assistants to the principal.

The latest social event was the marriage of Miss Lizzie C. Minton to Mr. A. Lassiter, a talented and promising young attorney of the place. Both bride and groom were residents of Aulander and they have taken rooms at Hotel Central. THE COMMONWEALTH offers congratulations and good wishes.

It is always a pleasure to go to Aulander and we shall not miss the opportunity of doing so when we can.

One of the pleasant features of our visit was to see the good family of Rev. L. M. Curtis, so well known to the people of Scotland Neck. They are happy and Mr. Curtis has a very pleasant field of labor.

An Appeal for Silver.

Last Friday night Capt. W. H. Kitchin lectured in Vine Hill male academy on the financial policy of the government. A good audience greeted him, composed largely of ladies and young men.

The speaker briefly outlined the uses and value of money and showed how it is indispensable for us in the transaction of business.

He made a strong plea for silver and declared that the country will never have full prosperity until silver takes its proper place by the side of gold.

The speaker declared that Grover Cleveland is the worst enemy to the human race in this country. He said he has no confidence whatever in any man who wants office. Of the political parties he said there are more racials, according to the number, in the Populist party, "the party to which it is said I belong," said he, than in any other.

He declared that Marion Butler is the worst man in that party in North Carolina and Harry Skinner the next. The speaker closed in almost dramatic strains declaring that the advocates of reform in North Carolina have been deceived and that no rule can long prevail in the State but the rule of the Anglo-Saxon race. He said that God has made a distinction between the races and we must observe it.

Capt. Kitchin spoke an hour and a half and his speech was well received and his sentiments and declarations frequently applauded.

CRIMINAL COURT.

A very Heavy Docket.

Criminal court is in session at Halifax this week with Judge T. H. Sutton presiding.

Court was promptly opened and the following grand jury called:

J. L. Ousby, foreman; Frank Whitaker, C. K. Harwell, J. K. Hepinstall, J. H. Connell, W. R. Miles, W. H. Clanton, M. Whitehead, R. W. Carter, J. A. Smith, J. E. Robertson, B. R. Medlin, W. P. Threewitts, J. W. Fleming, D. A. Smith, M. J. Webb, W. C. Beayans, G. T. Massey.

The charge to the grand jury was in the usual order, Judge Sutton reading the entire charge from the type written copy.

At the conclusion of the charge Judge Sutton instructed the clerk of the court to give to the grand jury a list of the prisoners in jail and directed that their cases should take precedence in trial in the interest of public economy.

The docket is well filled, there being about ninety cases on the docket, besides the new cases to come from the grand jury. Many of the cases are for larceny, assault and battery and the like. One capital case is being tried, the case of Pat Singleton, the colored convict that killed another colored convict named Jim Lancaster at the State farm near Tillery about the first of February. Singleton was arraigned Monday and the trial set for Wednesday morning. Mess. T. C. Harrison and Howard Alston were assigned as counsel for the prisoner. A venire of seventy-five names was drawn from the jury box and the jurors summoned from the different parts of the county.

When brought into court Singleton, the prisoner, asked to have a word to the Court. Judge Sutton heard him. His question was whether or not it is lawful to try him for his life until his sentence has expired or the Governor has pardoned him. Judge Sutton said there was nothing in the question and ordered that the work of the court proceed.

SAVING COST FROM THE TAX-PAYERS.

Judge Sutton made a good impression on those in the court room when he declared that all those who have been brought before the court for cost must pay it or work it out by the direction of the county commissioners. He said he proposed that the tax payers of the county should not pay such costs.

The following cases were disposed of during the first two days:
Edward Davis, Tom and Sam Ashe—an affray. Davis submitted and was sentenced six months in County jail; Sam Ashe, judgment suspended on payment of cost.

Alex Smith—larceny—submitted and was sentenced to State prison for 18 months.

J. W. Carlisle—assault and battery—trial and verdict, not guilty.
Howard Burnett—carrying concealed weapons—submitted and judgment suspended on payment of cost.

Alex Banks—larceny—tried, found guilty and sentenced to 2 1/2 years in State prison.

Cornelius Alexander and Jim Smith—an affray—submitted and judgment suspended on payment of cost. The cost for each was \$18.

Sam Ross—larceny—submitted and was sentenced to 2 1/2 years in State prison.

Kinchen Wade—cruelty to animals—submitted and fined \$5 and cost.

Jas. Williams—carrying concealed weapons—tried, convicted and sentenced to 4 months in jail.

Ed. Watts—larceny—submitted and was sentenced two years in State prison.

Peter Mayo—carrying concealed weapons—submitted and judgment was suspended on payment of cost.

George Austin—affray—submitted and judgment suspended on payment of cost.

Joe Turrentine—carrying concealed weapons—submitted and judgment suspended on payment of cost.

Henry Williams—larceny—tried, found guilty and sentenced to 3 years in State prison.

Mack Alston—affray—tried and acquitted.

T. E. Whitaker—affray—submitted and fined \$20 and cost.

Ruck Jones—larceny—submitted. Sentence not passed. This is the man who stole Mr. Isles' money last year near Aurelian Springs, was arrested at Aurora and brought back to the county by Mr. J. H. Norman.

A tired stomach is very much like a sprained ankle. If you suffer from any of the symptoms of dyspepsia, your stomach is tired. It needs a crutch. We must relieve it of all work for a time, or until it is restored to its natural strength. To do this successfully, we must use a food which is already digested outside of the body, and which will aid the digestion of other foods that may be taken with it. Such a product is the Shaker Digestive Cordial.

The Shakers have utilized the digestive principles present in plants for the manufacture of this article, and its success has been truly phenomenal. You can try it for the nominal sum of 10 cents, as sample bottles are sold by all druggists at this price.

THIS LETTER IS PUBLISHED BY PERMISSION as a tribute and testimony to the worth of this invaluable remedy: Roanoke College, Salem, Va., Oct. 8th, 1896.

DEAR DR. CANNON:
Your Phyto-Lithine for Rheumatism was received several weeks ago. I have waited for results, and can now tell you of its success in the very severe case of Rheumatism in which it has been used. My wife, who has been afflicted with Rheumatism for years, had suffered with this attack several months, her left leg and knee very much swollen and attended with intense pain. We had tried other remedies without sensible effect, but by the use of this one bottle of your Phyto-Lithine the pain was rapidly relieved and now all pain and swelling have entirely disappeared. In fact, she is not only able to get out of bed, but can walk about whenever and wherever she chooses. Moreover she seems steadily improving in other respects, and is more like herself than she has been for two or three years. I need not assure you that all my rejoice in this pleasant result, and if my heartiest recommendation can count for anything, I hope to send many orders from this section for your Remedy, and I will be more than glad to give you any testimonial you may desire.

Most sincerely yours, S. C. WELLS,
